Save time, save money, help save the planet

IT'S THE LAW

With the long list of federal, state and local regulations that require strict compliance, commercial recycling is a time-consuming and often costly process. Right now, you are probably using several vendors to cart away your recyclables.

You want to comply with the laws and you want to help protect the environment, but year after year recycling is chipping away at two of your organization's most precious resources – time and money. Still, recycling is the law.

RECYCLING MADE EASY

Now there's an easy and cost effective way to handle all of your recycling needs. Let Express Office Recycling, a

service from Express Recycling and Sanitation, do it **all** for you. We'll collect all your glass, plastic, cans, paper and electronic recyclables, including fluorescents and light bulbs, and bring them to the proper recycling facilities. We also offer secure document shredding.

We make regular weekly pick-ups and provide specialized containers as part of our service. We'll take the whole recycling process off your hands, and help you save time and money in the process. We're also available on call for fast turnaround recycling projects.

SAVE TIME

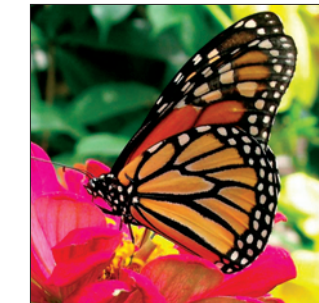

When you have a contract with Express Office Recycling, all you have to do is place your recyclables in our color coded containers and leave the rest to us. The convenience of our service will help you save hours of productive time every week. Better yet, we will also help you save money.

SAVE MONEY

Why continue juggling two, three or more vendors when one experienced, reliable recycling team can handle the whole job for you? By acting as your total recycling service vendor, we can offer you measurable savings because one contract covers all your recycling requirements.

HELP SAVE THE PLANET

We all understand that recycling helps support sustainability and saves precious resources. So, when you partner with Express Office Recycling, you help to protect the environment, you will increase employee morale, and you will help your organization save time and money.
